

(9) Community of Interest statement

Fredericksburg is an exchange located in north central Virginia in the Culpeper, Virginia **LATA** and **serves** approximately 64,000 customers in the City of Fredericksburg and the Counties of Spotsylvania, Stafford and Caroline. Bowling Green is a rural exchange located east of Fredericksburg in Caroline County serving approximately 5,100 customers. It is **the** county seat of Caroline County. Community of interest is primarily from **the** Bowling **Green** exchange to **the** Fredericksburg exchange **with** interests toward education, medical, employment, commercial, and transportation. Today, Fredericksburg exchange customers living in Caroline County pay a toll call to reach their county government offices in Bowling **Green** and their schools in the Bowling Green exchange. ELCS would allow Bowling Green customers to reach institutions of higher learning in Fredericksburg such as Mary Washington College and Germanna Community College on a local basis. Bowling **Green** customers are dependent **upon** basic and specialized medical facilities in the Fredericksburg area. They include Mary Washington Hospital that offers full medical services including emergency air transport. Fredericksburg also offers **nine** nursing homes and a 60 bed psychiatric facility. ELCS would allow more economical communications between the medical community and Bowling Green exchange patients. Many Bowling **Green** residents look to Fredericksburg for employment. Major employers include the Free Lance-Star Publishing, Insteel Wire **Products**, Wilson Brothers, Inc., Education Credit Services, Mary Washington College and Mary Washington Hospital. Basic retail services are available in Bowling **Green**. **Other** retail and commercial shopping opportunities are available in Fredericksburg. Commercial bus and rail service (including Amtrak and Virginia Railway Express) are available to Bowling **Green** customers from **the** Fredericksburg exchange. In summary, Fredericksburg **is a** major commercial center that fills a wide variety of community of interest **needs** for Bowling **Green**.

Chronology

On May 28, 1999, Bell Atlantic Corporation and GTE Corporation **filed** a Joint Petition before the Virginia State Corporation Commission ("SCC") for Approval of Agreement and Plan of Merger. In that petition, both companies **agreed**, upon consummation of their merger, to expand local calling **areas** to include contiguous exchanges both within and between their respective territories in the Commonwealth of Virginia. **The** SCC, in its "Order Approving Petition" dated November 29, 1999, in Case No. PUC990100, found **this commitment** to be appropriate and ordered Bell Atlantic - Virginia, Inc. and GTE South Incorporated to file their plan for expansion of their local calling areas. **These** plans were filed with the SCC on July 21, 2000, in a Joint Application to expand local **calling** (Case No. PUC000204). Both companies have been implementing expanded local calling in phases since that joint application was filed. On November 2, 2001 Verizon Virginia (**f/k/a** Bell Atlantic - Virginia, Inc.) and Verizon South (**f/k/a** GTE South Incorporated) filed an Application to implement expanded local calling between those adjacent exchanges that **are** in different LATA's. For those exchanges whose basic rates increase, the SCC **ordered** the companies to provide notice to customers via direct mail. Exchanges whose rates did not change did not receive a public notice. On May **3**, 2002, the SCC issued an order approving ELCS for all interLATA routes in this application including the route between Bowling Green and Fredericksburg.

(9) Community of Interest Statement

Spotsylvania is an exchange located in north central Virginia in the Culpeper, Virginia LATA and serves approximately 6,000 customers in a portion of Spotsylvania County. Spotsylvania Court House, the county seat of Spotsylvania County is located in the Spotsylvania exchange. Bowling Green is a rural exchange located east of Spotsylvania in Caroline County serving approximately 5,100 customers. It is the county seat of Caroline County. Community of interest between these two exchanges is of a basic nature, providing local links connecting home and work, friends and families, and churches and congregations. Limited job opportunities would be available for Bowling Green residents at Thornburg in the Spotsylvania exchange. Thornburg is an exit off Interstate 95 and has those businesses associated with travelers needs. Many small communities along the exchange border such as Flippo's Corner, Guinea, Cosbys Comer, Summit, Carters Store and Thornburg would benefit from ELCS basic community of interest needs.

(9) Community of Interest Statement

Boykins is a rural exchange located in Southampton County in south ~~central~~ Virginia. Boykins is part of the Norfolk, Virginia LATA and serves approximately 1,300 customers. The Emporia exchange, which **serves** portions of Southampton, Greenville and Brunswick Counties, is in the Richmond, Virginia LATA with approximately 9,800 customers. Community of interest is primarily from Boykins to the City of Emporia located in the Emporia exchange. The community of interest relates to employment, ~~commercial/retail~~, medical and transportation. The Emporia area offers many employment opportunities to the area including Southampton ~~County~~ and Boykins. Major employers include Beach Mold and Tool, Inc., Belding Hausman, Inc., Boars Head Provisions Company, Inc., Georgia Pacific Corporation, Perdue ~~Farms~~, Inc., Greenville Memorial Hospital and Grayson Mitchell, Inc. **These** major employers offer **over** 3000 jobs to the **area**. Emporia offers a wide **variety** of shopping areas for both small and large retail purchases as well as branch offices of six financial institutions. There are twenty-four physicians and nine dentists that practice in Emporia. Greenville Memorial Hospital offers a full range of medical services, including 24-hour emergency ~~care~~, air ambulance service and an adjacent dialysis center. Higher educational facilities include Southside Virginia Community College. The Interstate 95 (north/south) and state route 58 (east/west) corridors run through Emporia where ground transportation is available. Air transportation is available from the Emporia/Greenville Regional Airport. ELCS will enhance the opportunity of Boykins customers to reach the wide variety of services available in Emporia on a local basis and will improve local communications between the two communities.

(9) Community of Interest Statement

Bridgewater is small exchange with approximately 4,400 access lines located in northwest Virginia along **the** Interstate 81 corridor between Staunton and Harrisonburg. **The** much larger Staunton exchange with approximately **30,700** lines is located in Augusta County adjacent to and south of **the** Bridgewater exchange. The Bridgewater exchange **serves** portions of Augusta and Rockingham Counties. ELCS will *greatly* enhance calling for **Augusta** County customers in the Bridgewater exchange. For example, it is a toll call for these customers to reach their middle and **high** schools **as well as** county government offices. ELCS will allow local calls between parents, students and teachers **as well as** between the citizens and their county government. Basic **services** are available to Bridgewater exchange customers in the Town of Bridgewater. However other services such **as** specialty medical care are found in **the** Staunton exchange. Medical care includes the Augusta Regional Medical Center plus 110 physicians and **54** dentists who practice in **the** Staunton area, ELCS would provide local access to two colleges, **three** vocational schools and **five** private schools in the Staunton area. Businesses in the Staunton area provide employment to over 11,700 people in Staunton and in adjacent areas such as Bridgewater. The revitalized downtown Staunton area, **numerous** shopping centers and large retail **outlets** provide shopping opportunities not available in the Bridgewater exchange. **The** Staunton area has over 100 places of worship representing most denominations. ELCS will enhance communications in all **these** areas of interest that exist between these two areas.

(10) Maps

Maps are attached for **the** Bridgewater and Staunton exchanges.

Capron is a **rural** exchange located primarily in Southampton County in south central Virginia. Capron is part of **the** Richmond, Virginia LATA and **serves** approximately 900 customers. **The Boykins** exchange, which is also in Southampton County, is in the Norfolk, Virginia LATA with approximately 1,300 customers. There is an elementary school in both the Capron and Boykins exchanges. The serving areas of the two schools overlap between the **two** exchanges. ELCS would allow local calling between parents, teachers and students for both schools. The Headstart Program for Southampton County **is** located in the Capron exchange. ELCS will also allow local communications between Boykins students and parents with the Headstart faculty. Nanicott Industries, one of the largest employers in Southampton County, is located in the **Boykins** exchange along with a number of other small businesses. ELCS will allow local calling between the employers and employees living in **the** Capron exchange. ELCS will also allow the subscribers in these two adjacent exchanges to call **their** neighbors, relatives, churches, etc. on a local basis. In **summary**, community of interest between Capron and **Boykins** relates to education, employment and personal issues.

(9) Community of Interest Statement

Capron is a rural exchange located primarily in Southampton County. Capron is a part of the Richmond, Virginia LATA and serves approximately 900 customers. The Franklin Exchange is located in southern Virginia. It encompasses the City of Franklin and portions of Southampton County, Isle of Wight County and the City of Suffolk. It is located in the Norfolk, Virginia LATA and serves approximately 9,700 customers. The community of interest is primarily from Capron to Franklin as indicated by the messages per main station data. The community of interest between these two exchanges is commercial, employment, educational, medical and transportation. The City of Franklin is the nearest commercial center to the Capron exchange. There are numerous businesses in Franklin that offer both small and large items for retail purchase. There are five branches of major banks in Franklin. The City of Franklin is a major source of employment for the Capron exchange. International Paper is the largest employer in the area with over 2000 employees. In addition, there are a number of other peanut and paper related businesses employing over 700 people. The Paul D. Camp Community College and Southampton Memorial Hospital School of Practical Nursing are located in Franklin and draw students from surrounding communities including Capron. Comprehensive medical facilities are located in the Franklin exchange including Southampton Memorial Hospital, a full service facility with emergency room. Also available are 100 physicians representing 29 medical specialties. There is also a senior living community with both independent and assisted living facilities. Transportation services include general aviation from Franklin Municipal Airport and bus service from Trailways and Franklin bus service. ELCS will provide local calling for the many community of interests outlined above.

Maps are attached for the Capron, Courtland and Franklin exchanges.

(11) Other Pertinent Information

Chronology

On May 28, 1999, Bell Atlantic Corporation and GTE Corporation filed a Joint Petition before the Virginia State Corporation Commission (“SCC”) for Approval of Agreement and Plan of Merger. In that petition, both companies agreed, upon consummation of their merger, to expand local calling areas to include contiguous exchanges both within and between their respective territories in the Commonwealth of Virginia. The SCC, in its “Order Approving Petition” dated November 29, 1999, in Case No. PUC990100, found ~~this~~ commitment to be appropriate and **ordered** Bell Atlantic - Virginia, Inc. and GTE South Incorporated to **file** their plan for expansion of their local calling **areas**. **These** plans were filed with the SCC on July 21, 2000, in a Joint Application to expand local calling (Case No. PUC000204). Both companies have been implementing expanded local calling in phases since that joint application was filed. On November 2, 2001 Verizon Virginia (W a Bell Atlantic - Virginia, Inc.) and Verizon South (W a GTE South Incorporated) filed an Application to implement expanded local calling between those adjacent exchanges that are in different LATA’s. For those exchanges whose basic rates increase, the SCC ordered the companies to provide notice to customers via direct mail. Exchanges whose rates did not change did not receive a public notice. On May 3, 2002, the SCC issued an order approving ELCS for all interLATA routes in this application including the route between Capron and Franklin.

(9) Community of Interest Statement

Chancellor is an exchange located in north central Virginia in the Culpeper, Virginia LATA and serves approximately 27,700 customers in a portion of the City of Fredericksburg, County of Spotsylvania and County of Orange. The Port Royal exchange, which is located to the east of Chancellor, is in the Richmond, Virginia LATA with approximately 400 customers. Port Royal serves a portion of Caroline County. Community of interest is primarily from the Port Royal exchange to the Chancellor exchange with interests toward medical, employment, commercial, and recreation. Port Royal customers are dependent upon basic and specialized medical facilities in the greater Fredericksburg area including Chancellor. There are more than 20 doctors offering specialized medical care in the Chancellor exchange. Along the State Route 3 corridor that passes through the Chancellor exchange are many retail and small businesses, which offer employment to residents of the area including Port Royal. These same retail outlets and small businesses also offer shopping opportunities for the surrounding area including Port Royal. Also in Chancellor are golf courses and the Fredericksburg/Spotsylvania National Military Park, a major Civil War tourist attraction. ELCS will enhance the various community of interests between the two exchanges.
